FOR-MAR SCOUT PROGRAMS

It's time to bring your Scouts to For-Mar!

With miles of natural hiking trails, Arboretum, Visitor's Center, 383 acres of varied terrain and specially developed environmental education programs, For-Mar is the ideal location for any Scout outing. With so much to see and do, both Scouts and their leaders will surely enjoy exploring all that For-Mar has to offer year round.

If your Scouts need help completing badge requirements, or if you're just looking for a group scout activity, For-Mar staff are here to help! For-Mar's naturalists have developed dynamic programs that motivate Scouts to complete their badge obligations while getting them excited about the world. Also, if you are looking for a badge program that is not already part of For-Mar's program-series, just ask a naturalist and they will work with you to develop a program, or modify an existing program to fit your badge requirements.

Time: Scout programs are approximately 2 hours in length.

*Some programs are only available during specific seasons.

Cost: Programs cost \$5 per Scout, \$60 minimum.

*Price may vary based on the materials required to complete the badge.
