

# SCHOOL DAY BIOBLITZ

You are invited! Join For-Mar Nature Educators and their Scientist friends from University of Michigan-Flint for our Annual School Day BioBlitz event.

**FRIDAY, OCTOBER 11TH**  
8:30AM - 2:30PM  
4-6:30PM

## WHAT IS A BIOBLITZ?

This is an opportunity for scientists to engage and educate the public about the importance of biodiversity through hands-on experiences. During our School Day BioBlitz, scientists and volunteers from the public, like you and your students, will team up to explore the For-mar property to identify as many species as possible. Various wildlife hikes, presentations, activities, and live animal experiences will be available; including frog, snake, plant, turtle, and insect studies. Specific event information and schedules will be available closer to the event.

This is a **FREE For-Mar field trip** opportunity where student groups grade K-12 can take part in real life citizen science activities and meet scientists who work in outdoor recreation, wildlife and environmental fields. This event is on Friday, **October 11th from 8:30am - 2:30pm and 4:00 - 6:30pm**. Our afterschool Bioblitz event from 4:00 - 6:30pm is great for scouting groups, after school programs, home school groups and individual families!

**This program is supported and funded by:**

If you are interested in signing up your student, group or classroom please fill out the google form: <https://forms.gle/Jnj7qxGvUJxYPf8A9> **Pre-registration is required by 9/27/24.**

*Some bussing reimbursement is available up to \$100 on a first come, first serve basis.*

**SIGN UP TODAY!**
