

# For-Mar Nature Day Camp

## Parent & Guardian Handbook

Hello camp families!

We are excited for a summer of fun activities together here at the Genesee County Parks' For-Mar Nature Day Camp. This summer we have field trips for our Owlet and Eagle campers to explore more of our community, including some of our other Genesee County Parks locations.

For-Mar Nature Day Camps' goal is for campers to learn to respect themselves, others, and the natural world around them. To create well rounded individuals for our community, For-Mar Day Camp utilizes positive group connections to build knowledge to become a steward for the earth. Time in nature will offer multiple opportunities to practice social, emotional, and other practical skills that will have lifelong benefits.

For-Mar Nature Day Camp is licensed by the state of Michigan through the Department of Licensing and Regulatory Affairs (LARA) which issues rules, guidelines, and best practices for summer day camps. We will do our best to communicate effectively and make sure that every parent/guardian and their camper(s) are aware of what is happening at For-Mar Nature Day Camp. To get the most out of your experience, we have created this handbook to provide general information, and to help answer some questions related to camp.

Our Camp Director, Marissa Pannett, and our Assistant Camp Director, Emily Buccaneer can't wait to meet and get to know your camper(s)! If you have any questions or concerns after reading through this handbook, please contact us using the information below.

See you at Camp!

- If you choose to send your preferred brand of bug spray and/or Spray sunscreen in your camper's backpack instead, please label it with their name.

## Food, Snacks & Drinking Water:

- **Food:** Please make sure your child has two packed snacks for every day of camp! Your child's snack should be something that they can open and serve themselves. Please have their food in a labeled bag or container. Campers are not allowed to share food while at For-Mar Nature Day Camp.
- **Drinking Water:** Drinking LOTS of water is one of the most important ways to stay healthy and happy while outside! All children must come to all programs with a full refillable water bottle labeled with their name. We will always carry plenty of extra drinking water with us and will take regular water breaks to keep campers hydrated.
- In the event your child forgets their **lunch**, we will contact the parent/guardian first, and if we do not get a response, we will reach out to emergency contacts provided. We are only able to provide small snacks, but we will not have a full lunch available.

## Allergies:

The Camper required forms notify us of any allergies. The sooner we know that there are allergies, the better we can accommodate.

# CAMP POLICIES

## Ratio:

We believe that a low ratio is key to creating a safe, meaningful, and high-quality experience for our campers. Our ratio never be less than 1 staff member to every 10 campers. For-Mar Nature Day Camp will utilize groups by age to offer the best experience with age-appropriate activities.

## Handwashing:

All students and staff will wash their hands with soap and water before eating, after using the bathroom, after sneezing or blowing their nose, after touching insects/animals, and before/after using shared materials. When our handwashing supplies are unavailable, we will offer an alcohol-based hand sanitizer.

## Toileting:

All campers must be able to use the toilet independently prior to starting camp. Using the toilet independently is defined as the camper asks to go to the bathroom when needed. In addition, being able to wipe themselves, pull up their pants, flush, and wash their hands. We understand that occasionally, even "fully potty trained" children will have an accident. Please make sure your child has extra clothes packed; we recommend having 2 sets on hand in the event of an accident.

## Attendance:

Consistent attendance is strongly encouraged. Many parents/guardians look forward to their camper(s) attending this camp and are often waitlisted due to the demand of applicants. Please prioritize your camper's attendance. If your child will be absent from camp for any reason, please notify the Camp Director.

\*No refund will be issued for program absences.

## Weather:

For-Mar Nature Day Camp will be held primarily outdoors. We are outside every day, rain or shine. Under severe or emergency weather conditions we will utilize the DeWaters Building, or the Main For-Mar Visitors Center building, and we will notify parents/guardians of the change in pick-up/drop-off location.

## Parks and Public Spaces:

- Our programs take place on For-Mar Nature Preserve's Grounds which are open to the public. The reserve is quiet and safe, but we cannot guarantee that we will never come across another person while at camp. It is our policy to always keep our group together, and to keep our group away from other groups/individuals using the park as much as possible.
- If someone approaches our group, one of our staff members will take that person aside and explain that we are a private group. If there is ever a concern about an individual's behavior and the safety of our group, staff members will adhere to Risk management policies of Nature Day Camp.
- For-Mar Nature Day Camp will adhere to state licensing rules and regulations, and will operate as a closed campus to parents/guardians, and the general public.
- Unfortunately, Parents/Guardians are not allowed to stay at camp. Staff are subject to background checks, clearances, and training hour requirements to legally adhere to our licensing requirements. Once campers have been signed-in to For-Mar Nature Day Camp, they will remain under our supervision until a parent/guardian, or an approved emergency contact person signs the camper out at the end of the day.
