

Your Support is Appreciated

Showing public support is an important part of any successful grant request. By public support, we mean letters advocating for the approval of the grant request to include with the grant application.

Genesee County Parks & Recreation Commission is looking for support for the following grant applications:

Bluebell Beach Lot Development

This Land and Water Conservation Fund project includes the renovation and development of the entrance and parking lots of Bluebell Beach.

Total amount requested: Up to \$500,000.00.

Stepping Stone Falls Lot Development Phase 2

This Trust Fund Grant project supports the renovation and development of the lot at Stepping Stone Falls, developing an all-season parking lot to accommodate year-round trail access.

Total amount requested: Up to \$250,000.00.

Educational Dock Development at For-Mar Nature Preserve & Arboretum

This Trust Fund Grant project includes the development of an educational dock at For-Mar Nature Preserve & Arboretum for purposes of public education.

Total amount requested: Up to \$80,000.00.

We know the hardest part of writing a letter is getting started, so we are here to help!

Please address all letters to the Michigan Department of Natural Resources. Just click the button below to view an example letter and feel free to use any or all of it to help you get started. Or write your own personalized support and return the letter via email by Monday, March 30, 2026, to mgagne@gcparks.org, and your letter of support will be included in our grant application. We appreciate your support!
